

Through The Looking Glass

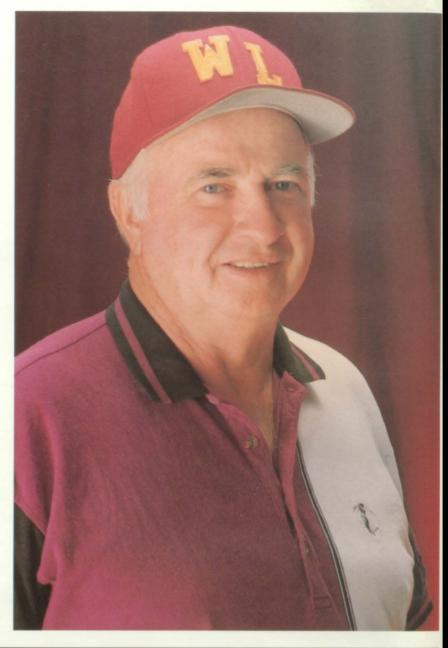

1999 Herald Windsor Locks High School Windsor Locks, CT 06096

"I will never be rich in my profession, however, if you have children in your heart, you will never be lonely." His own words sum up the man who, since becoming a teacher in 1960, has been the most recognizable face at Windsor Locks High School. He has coached varsity soccer, basketball, and baseball since 1962, winning over 1,250 combined games and 7 state titles. Coach has been acknowledged numerous times for his ability, effort, and sportsmanship, including being named the 1996 National Soccer Coach of the Year. A sportsman himself, Coach graduated from Suffield High School in 1953, being class president all four years, and earning an unheard of 16 varsity letters. At Springfield College, he helped to win the 1958 National Championship in soccer, being named to the All-American team in the process.

On or off the field Coach expected nothing less than pride, class, and sportsmanship from all his athletes and students. Respect for oneself and others took precedence over winning or losing. For all that you have given us, the class of 1999 thanks Coach Daniel Sullivan and dedicates the 1999 Windsor Locks Herald to an irreplaceable legend. You never gave up on any of us because, as you put it best, "Nothing is impossible to a willing heart."

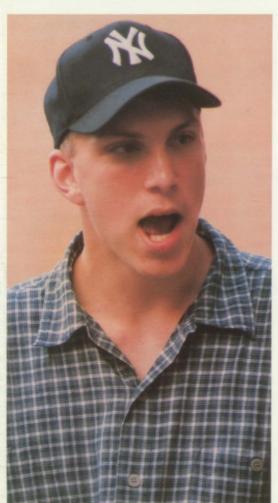

Through our looking glass we remember...

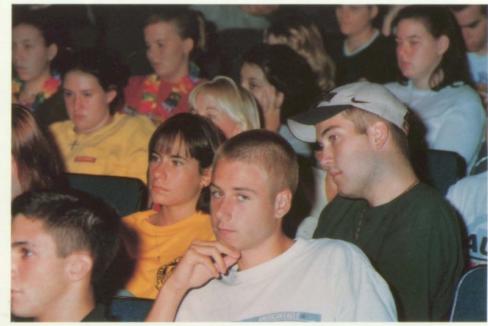

The way he strolls and rolls down the hall; his funny little crooked smile; his endless stories, sometimes funny, sometimes sad, sometimes even corny but always teaching us about others, ourselves, and our worth; his unique approach to co-ed health classes; his routines during games as he would kick the bench, rip off his jacket, loosen his tie and take a technical to fire up his team; his choice, motivational words: "You're slow, S-L-O, slow," or "You're not state champs, you're state chumps"; his passion for doing the "right thing"; his fearless defense of what is honorable and ethical; his unlimited supply of pumpkins; his special way of protecting his girls; and his warm, fuzzy, "You're gonna run until you puke, and when you puke, you're gonna run some more."

Coach, we now know that no matter what professions we choose or where our lives take us, we will never be lonely because we will always have you in our hearts.

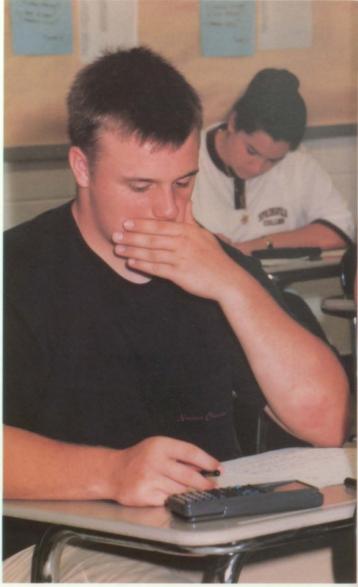

Gaze through our looking glass of time to 1995, and remember when our journey began. We were scared, unsure of ourselves, but oh, so excited! Our first glimpse overwhelmed us because, like Alice in Wonderland entering the unknown, we had no idea of what to expect. However, each day brought new and exciting challenges and rather than being discouraged or apathetic, we united... we persisted... we conquered every daunting challenge in our path.

The seniors, to whom we looked up to in awe, cautioned us that our high school years would fly by and encouraged us to cherish every moment. Did we understand their message? No, but what freshman ever does?

Now, after four memorable years at WLHS, we are leaving here proud knowing that we have lived every minute to the fullest, succeeded far beyond all our expectations, and treasured every moment.

Our message simply states that, "the necessity of being ready increases with each year. Look to it!"

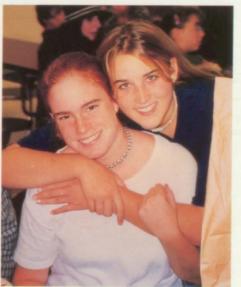

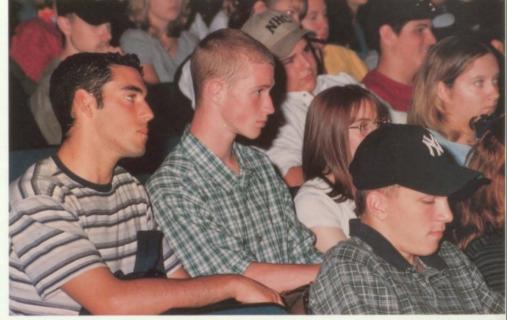

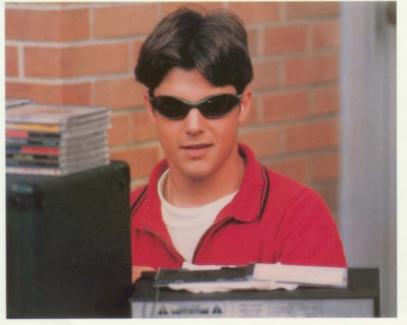

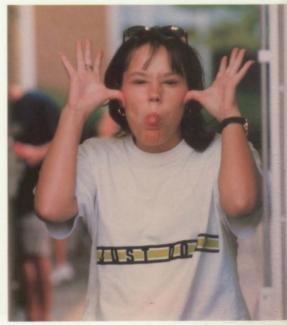

The Journey begins!

I'll always remember your Little girl years. Although the time flew by like a cloud In the wind. A bird on a wing or a vanishing Butterfly.

Sometimes it seems You were here and gone Like a summer that runs Too fast. As the woman in you Awakes from her sleep... That little girl dreams Of the past...

As a child you were loved, And those memories shine Like the light of a faraway star... But never forget, little girl, I love..even more.. The woman you are.

We love you! Mom and Dad

Thank you for the joy, pride, and fun you've given me.

How fast the years have gone by Nicole. You have come to the end of one road, and you may not know all that the world has to offer you, but we know the world will be a better place because of what you have to offer it. You may question what you have accomplished the past 4 yrs, but know we never doubt what you can do. As all of your tomorrows open themselves to you, never forget how proud we are of you or how much we love you.

Best of Luck and Love always

Heather and Bryan

Amy,

In so many ways you have made us proud! While life is an ongoing learning experience, we would like to let you know how content you are at this stage in your youth; with your maturity, morality and sense of compassion for others. These components are never missing in people of quality; in fact, they create the strong backbone one needs to live a meaningful life. One of the pleasures in our life has been to see this transformation. We look forward to watching you continue along this long and winding road of life and wish you success in every endeavor and that you may experience in your life the joy you have brought to ours.

Love, Mom and Dad

I want to say farewell to all the friends that have come and gone throughout our school years. You have, in all your own special ways, left permanent, memorable footprints that will appear forever in my heart! Thank you! Dear Amy, Lori, Melissa, Kelly, Kristy, Brendan, Seth, Eric and Bri.

As I wonder how it's going to be without high school; without "us" together all the time, tears form in my eyes. You guys have made my senior year a most memorable time! We smiled, laughed, shared, had crazy times, and we cried a little too. No matter where we go after high school ends, whatever path we choose, always know the most well known, friendly, and loving path brings you right back here. So anytime we are lost in our new journeys, don't forget the path we share. It will bring us into familiar arms of friendship and we will end up finding our way, our fate! I love each and every one of you for everything that you are. Our united circle is so tight that I know we'll keep in touch. We all have to move on now. Don't look back; it hurts too much. Thank you for everything and for loving me. You guys are the best friends anyone could ever ask or dream for. I know we will always be friends, because together we made it to the end.

> Love always and forever, Danah Cordeira

> Love. Dad, Mom, Kenny, Katie Bailey and Shelby

It doesn't seem so long ago Those endless days of childhood past Where dreams and play knew little bounds At time we wish could last and last.

You've always stood apart from others But in a quiet way Inquisitive in nature Creative in your play.

It's now your turn to make your move To leave our nest and fly alone Develop your talents, explore the world And create a life to call your own.

We will always be there for you No matter what you choose. A family is forever Our love you cannot lose.

An Indian proverb goes something like this: Tell me you can disappoint another, yet still be true to yourself. That you can stand the accusation of betrayal, but not betray your own soul.

You have lived your life on your own terms thus far Seth. Our wish for you now is that you continue to live by your own values, ideals and strengths, yet remain open to the newness that awaits you. Look back only to wave good-bye, find goodness wherever you go and may life's regrets be small lessons that make you strong.

With love in our hearts, we congratulate you on this special day. You have made us proud to call you son, brother, grandson, nephew, godson, cousin.

We love you very much, Your family

Goodbye does not mean forever!

"I didn't ask for it to be over, but then again
I didn't ask for it to begin
For that's the way it is with life
As some of the most beautiful days
Come completely by chance
But even the most beautiful days
Eventually have their sunset."

## E D I T O R S'

NOTES

As co-editor of the 1999 Herald Yearbook, I want to thank everyone for their hard work and dedication in making this book the best ever! We worked hard but also had fun and I am satisfied and extremely happy with the result. It is an honor to bring my classmates all the memories we have made through the years at Windsor Locks High School through the 1999 Herald Yearbook. We know who we are; the Champions, the dreamers, the doers, the movers, and the shakers. We were the children of the 80's with our Barbie dolls, Transformers, The A-Team and Smurfs. In the past four years we've grown from dorky freshman to powerful seniors. We have grown together and now we must part. In June, we will graduate and say our good-byes, but good-bye does not mean forever. Our connected web known as the Class of 1999 will always be! Just think, the last high school senior class of the 1900's, what an honor! What will happen to us in the 21st century? I know we will put our hearts and souls into whatever the future holds and get it done! I am glad to be a part of the Class of 1999. I want to thank everyone for four memorable years and wish everyone good luck. Special thanks to my co-editor Chris Kirchhof and our advisors Mrs. Trosky and Mrs. Edwards. To the Class of 1999, go make a difference and succeed. Good luck!

Darah marie Cordeira"

As we walk out of the halls of Windsor Locks High School for the last time, diplomas in hand, we realize our memories are what counts and what made each day unique. Our job at the 1999 Herald has been to capture the nuggets of everyday high school life. We are all very proud of the job we did and the hours we spent, because, whether we like it or not, this book will be the documentation that the students and faculty look to when they want to remember the 1998-1999 school year. I want to thank the entir yearbook staff for their efforts on "Yearbook Days", Mrs. Trosky and Mrs. Edwards for their patience, and my co-editor Danah for her thankless time and effort into making this yearbook such a success. The road we have traveled through our high school career has been long, but we have had to travel it together. That has made us all so close. Although now we all must go our separate ways, this book will keep us tied together; the last class of the millenium. We overachieved in everything we did, and that is why I am proud to call myself a 99'er.

Churtopher a. Wirehof
